CWS Hygiene and LIWO Group sign international framework agreement

Agreement creates a basis for closer cooperation in hygiene solutions, washroom services and entrance mats

Budapest, Hungary, 6 October 2026 - CWS Hygiene and LIWO Group have signed a new international framework agreement, marking an important milestone in their collaboration.

The agreement establishes a basis for cooperation between both organisations and supports future opportunities in hygiene solutions, washroom services, and entrance mats across selected markets.

With its broad portfolio and service expertise, CWS Hygiene can support the diverse needs of LIWO Group and its customers, from high-quality innovative hygiene solutions to reliable, fit-for-purpose service options for various customer environments.

“This agreement gives us a strong basis to further develop our cooperation with LIWO Group,” said Jurriaan Hommes, Director of International Strategic Accounts & Export at CWS Hygiene. “By combining our service expertise with LIWO Group’s market presence, we can create new opportunities for local growth and support LIWO their end customers with reliable hygiene and floorcare solutions tailored to their needs.”

„Our collaboration with CWS Hygiene builds on an established, trusted relationship. By leveraging our international partnership, we aim to enhance our services and deliver exceptional value and quality to our clients,” said Balázs Kónya, Intenational Strategic Buyer of LIWO Group.

István Vécsei, COO of LIWO Group, and Jurriaan Hommes, Director of International Strategic Accounts & Export at CWS Hygiene, signed the agreement in Budapest. For CWS Hygiene, the partnership supports its ambition to make hygiene simple and reliable for customers and to contribute to cleaner, safer and healthier environments.

About LIWO Group

The Hungarian-owned LIWO Group is a leading full-service facility management company headquartered in Hungary, with more than 30 years of experience. With nearly 16,000 employees in Hungary, LIWO is one of the country's largest employers. The group operates a

central warehouse base in Hungary and runs a well-developed national and regional logistics network.

LIWO Group is present in nine countries and employs nearly 30,000 people across its operations. Driven by continuous growth and a strong international footprint, the company has become a leading facility management service provider in Central and Eastern Europe, as recognised in the EUROPEAN FM PROVIDER 2023 Report. LIWO's market position is underpinned by a stable workforce, innovative solutions, transparent operations, and consistently high-quality services.

Founded in 1993, LIWO places strong emphasis on social responsibility, sustainability, and supporting labour market integration. The group helps shape the future of the sector through automated and regularly audited operational processes, while its professional certifications and industry awards reflect its ongoing commitment to excellence.

Through its subsidiaries, LIWO Group delivers facility management services at approximately 21,000 locations. The company also operates its own training facilities and an independent research and development function to support quality assurance and continuous service development.

About CWS Hygiene

With innovative, sustainable and digitalised service solutions, CWS Hygiene ensures health, safety and protection in the workplace and in public spaces. The complete solutions include hand and toilet hygiene from small washrooms to large sanitary facilities, as well as clean entrance and exit areas with its mats in building complexes, public buildings and industrial facilities. CWS Hygiene stands for sustainability: thanks to its rental model, the company offers its customers a 'circular economy' and is committed to caring for people's health, safety and wellbeing. Its 4,000 employees across Europe contribute to this.

CWS Hygiene is active in 15 countries and is owned by Franz Haniel & Cie. GmbH.
